ADDENDUM NO. 2

Date of Addendum: **December 21, 2016**

**PROJECT NAME: Underground Storage Tank Removal and Installation,
Southwest Solid Waste Service Center.**

PROJECT NO: WBS No. L-000080-002-4-01-01

BID DATE: **10:30 AM, Thursday January 12, 2017**

FROM: City of Houston, General Services Department
900 Bagby, 2nd Floor, City Hall Annex
Houston, Texas 77002
Attn: Douglas W. Storey, P.G., Project Manager

TO: Prospective Bidders

This Addendum forms a part of the Bidding Documents and will be incorporated into the Contract, as applicable. Insofar as the original Project Manual and Drawings are inconsistent, this Addendum governs.

Responses to Comments

1. The (4) FE Petro STP75-VL2 pumps shall be replaced with (4) FE Petro STPAP150-VL2 stainless steel pumps.
2. The (4) FE Petro STP5H pumps shall be replaced with (4) FE Petro ISTAPMVS4-VL2 stainless steel pumps including the corresponding MagVFC (Part 5874202800).
3. The (8) Bravo pump sumps shall be Model B-401-DB-XT which are designed specifically for compatibility with Xerxes tanks. Sumps shall include the H-20 rated composite lid with inspection port.
4. The following are **REQUIRED** for the (2) 5,000 gallon temporary fuel ASTs:
 - a. TCEQ registration- see 30 TAC Chapter 334.127 Subsection (f) for registration requirements for movable ASTs.

- b. SPCC Plan- amendments shall be made to existing SPCC Plan by the Engineer.
 - c. Traffic Protection- shall be provided by either a UL 2085 rating on the temporary fuel ASTs or a steel secondary containment basin.
 - d. Secondary Containment- shall be provided by either a UL 2085 rating on the temporary fuel ASTs or a steel secondary containment basin.
 - e. Fuel Management System- the City shall provide and install (2) Fuel Force fuel management pedestals for the temporary AST systems.
5. See supplemental **Figure 20** for traffic plan details.
6. Before starting work, the Contractor shall submit a site plan to the engineer for approval. The site plan shall include the proposed locations and dimensions of temporary facilities including: equipment and material storage areas, access and haul routes, avenues of ingress/egress to fenced work area, details of fence installation, locations of safety and construction fences, site trailers, trash dumpsters, temporary sanitary facilities, and worker parking areas.

END OF ADDENDUM NO. 2
